

Lisa M. L. Price

March 2024

Professor of Anthropology  
School of Language Culture and Society  
College of Liberal Arts  
Oregon State University, Corvallis OR

Phone: (541) 7373804

### ***Curriculum Vitae***

**Education:** Ph.D., Anthropology, University of Oregon, 1993  
M.A., Anthropology, University of Kentucky, 1987  
B.A., Anthropology, University of Oregon, 1984,  
*Cum Laude*; Departmental Honors, *Phi Beta Kappa*-Alpha of Oregon 1984.

**Employment:**

**Oregon State University**, Corvallis Oregon, USA  
Professor of Anthropology 8/2011 – Current  
Associate Dean 1/2016-7/2018

**Wageningen University**, Wageningen, the Netherlands  
*Universitair Hoofddoent* (Associate Professor) 1997- 2011

**International Rice Research Institute (IRRI)** Los Baños, Philippines  
Senior Scientist 1/1996 - 5/1997  
Associate Visiting Scientist-Rockefeller Foundation 1/1994 - 12/1995

*Shorter Term Positions*

**University of Gastronomic Sciences**, Pollenzo, Italy  
*Visiting Professor*, summer 2012, 2013, 2018, 2019

**University College Utrecht (UCU)**, Utrecht, the Netherlands  
*Associate Professor* on secondment from Wageningen Univ. 2008/2009.

**Selected Competitive Graduate and Post-Doctoral Fellowship Awards:**

Rockefeller Post-Doctoral Fellow - Social Scientists in Agriculture 1994 - 96  
Ford Foundation Dissertation Fellow (for minorities) 1992/93  
Ford Foundation Dissertation Fellow (NW Regional Consortium for SE Asian Studies) 1990/91  
Fulbright Research Fellow – Dissertation 1989/90  
U.S. Dept. of Education Foreign Language and Area Studies 1987 & 1989 (Thai and Lao)  
Luce Foundation Fellow (Thai)  
Graduate School Academic Diversity, Ph.D. (Univ. of Oregon) 9/87 - 6/88  
Graduate School Research Fellow, M.A. (Univ. of Kentucky) 1/85 - 12/86

**Languages:** English (native), Dutch, Swedish, Thai, and Lao.

## ***Administrative, Managerial and Leadership Overview***

- 2018-2021 **Member of the Academic Board, University of Gastronomic Sciences, Pollenzo, Italy.**  
PhD Program oversight for the degree in Eco-Gastronomy, Education and Society.
- 1/2016-7/2018 **Associate Dean College of Liberal Arts. Oregon State University (40%)**  
Faculty Success: Associate Dean for Faculty Success. Support the 290 faculty members of the College. Designed and conduct on-boarding orientation of new faculty, introduced best practice network mentoring model for new faculty; design and delivery of seminars to faculty (all ranks) on successful tenure and /or promotions. Review promotion and tenure dossiers pre- official submission for completeness. Consultation with individual faculty and their directors on mentoring needs, productivity, and promotion.  
  
Research: Associate Dean's for Research council member advising the VP for Research on policy; Lobby for and obtained continuation of small research grants (\$170,000. FY17) excluding matching funds; act as liaison for the college and advocate for the college and its research faculty. Co-designer with College Grant Officer of small matching funds research grant program- award conditions, competition and delivery at the College level.  
  
Liaison to the Office of International Programs: College international faculty well-being and internationalization of OSU research leadership committee in partnership with the research office.
- 2016- 2017 **Internationalization Cooperation Developer. Undergraduate research abroad.**  
Formalized negotiations and signing of MOU between Oregon State University and the University of Aruba. Arranged for a delegation to come to OSU for elaboration of details for future activities between the two universities, broadening the areas of interaction and exchange of students and faculty from disciplines across the university, particularly focused on sustainability.
- 1/2015-6/2016 **Program Coordinator. Oregon State University, World Languages and Cultures program unit (50%).** Lead in restructuring the unit to ensure enhanced functioning. Consultations with faculty (professorial and instructors) recommendations on strategies for enhancing the group's structure and procedures. Realization and oversight of new structures, engagement in day-to-day functions in mentoring junior faculty, rallying faculty around important issues, moderating conflict, chairing meetings and ensuring faculty are informed of key issues and consulted.
- 2015- 2018 **College of Liberal Arts Representative on the Faculty Senate Graduate Council.**  
Leadership in jurisdiction over the policies, procedures, and requirements of graduate education at the University.  
Curricular oversight for all new courses and program proposals. Evaluation of proposed new graduate academic programs across the University. Conduct program review at 5 years and facilitate 10-year external reviews of all programs across the University. Establish and review admission standards, basic degree requirements and general policies.
- 2014 – 2018 **Advisory Board – Difference Power and Discrimination Program (DPD).**  
Provide program advice to the Director. Professional development of faculty from all disciplines at Oregon State University to create inclusive curricula that address institutionalized systems of inequity and privilege in the United States. The DPD course is a core undergraduate requirement.
- 2013-2014 **Internationalization Cooperation Architect. Oregon State University.** Visit to the University of Gastronomic Sciences in Pollenzo Italy. Formalized negotiations and signing of MOU between Oregon State University and the University of Gastronomic Sciences in Italy. Arranged for an approved agreement for small delegation to come to OSU for elaboration of details of future activities between the two universities.
- 2010 **Co-developer** of the foundation for educational exchange and collaboration and joint research undertakings between Wageningen Univ. and the Univ. of Gastronomic Sciences (Slow Food University), Italy.

- 2001-2010 **Developer and Co-manager** of the *PhD fellowship program for 20 female scholars*, Wageningen University. Partnership development, program setup and obtaining funding, implementation, and financial management. International outreach and partnership development for the international PhD program with research focused on the social impacts of HIV/AIDS in rural Africa. Wageningen University, Winrock International, Netherlands Ministry of Foreign Affairs (as funder). Facilitation of the signing of the MOU between Wageningen Univ. and Winrock; facilitation of all contractual arrangements.
- 2000-2011 **Management. Wageningen University, Sociology of Consumers and Household, Dept. of Social Sciences (20%)** Management at 20 percent appointment. . Gender curriculum strategic planning. Consulting on operational budget for the Gender Studies component of the department's responsibility in relation to overall obligations of the group. Providing advice and recommendations regarding strategies for enhancing the department's visibility, internal and international collaboration, financial management of selected projects and programs. Overseeing financial aspects of selected undertakings, meeting with the finance office of the university and ensuring timely completion of reports.
- 1999-2009 **Chairman Convener (2002-04) of Working Program and Co-manager (1999-2009)** of *CERES Research School: Research School of Resource Studies for Development. Working Program 1*. CERES is a multi-university national body that oversees quality assurance in scientific research and productivity of university-based faculty members/scientists and the content and quality of PhD education. Accredited by the Royal Academy of Sciences of the Netherlands (KNAW – *Koninklijke Nederlandse Akademie van Wetenschappen*).
- 2005-current **Deputy Editor/Associate Editor**, *Journal of Ethnobiology and Ethnomedicine*
- 2008 **Member of the Social Science Evaluation Commission, Netherlands Organization for Scientific Research**. Social Science Research Commission, *Beoordelingscommissie Netherlands Organization for Scientific Research (NWO)*. Made final funding decisions on research proposals submitted based on scientific reviews received. The Netherlands Organization for Scientific Research (NWO) funds top researchers, steers the course of Dutch scientific research priorities by means of research programs and by managing the national knowledge infrastructure.
- 2006-2010 **Board Vice President and European Representative** of the *International Society for Ethnobiology*.
- 2001-2002 **International Research and Graduate Education Partnership Originator and Co-architect** for an international PhD program with research focused on the social impacts of HIV/AIDS in rural Africa. Wageningen University, Winrock International, Netherlands Ministry of Foreign Affairs (as funder). Bringing partners together, engaging in program design, meeting with funder, facilitation of funding acquisition, facilitation of the signing of the MOU between Wageningen Univ. and Winrock; facilitation of funding contractual arrangements.
- 2000 –2002 **Board Member** *Biotechnology and Development Monitor*.
- 1999 **Policy Consultant** to the UNESCO Ambassador of the Netherlands and the Netherlands delegation at the *UNESCO World Conference on Science*. Budapest, Hungary.
- 1999 **Steering Committee** member for the international experts meeting on Deepening Decision Making for Rural Resource Management at the International Service for National Agricultural Research (ISNAR). The Hague, the Netherlands.
- 1997 **Scientific Reviewer** of the International Rice Research Institute's working draft of Medium-Term Plan for 1998-2002 for gender. Review of all scientific programs and projects for gender content, sensitivity and potential impact of the work proposed.
- 1997 **Institutional Lead** *Knowledge-Intensive Technology and Resource Management in Agricultural Systems* thrust. Included developing a vision for the challenges faced in enhancing farmer knowledge capacities in agriculture and spearheading institutional and

international meetings on the theme with scientists and science managers from the Rockefeller Foundation, Stanford Univ., CIMMYT and IRRI. Organizing Think-tank and coordination of selected activities with the partner university (Stanford), senior management of the Consultative Group on International Agricultural Research, representatives from the research funding community and senior researchers.

## **Selected University and College Level Committee Service - Oregon State University**

2023- 2025	Co-Chair of the President's Commission on the Status of Black Faculty and Staff Affairs.
2021- 2023	President's Commission on the Status of Black Faculty and Staff Affairs- Professional Development Committee.
2017-2020	President and Provost's Leadership Council on Equity, Inclusion and Social Justice. Faculty and student recruitment and retention.
2017	Research Office & International Programs leadership working group on internationalization of research at Oregon State University.
2015- 2018	Faculty Senate Graduate Council member representing the College of Liberal Arts (serving on recommendation of the Dean, College of Liberal Arts).
2014- 2018	Difference Power and Discrimination Program. Board member.
2013- 2018	Tenured Faculty Diversity Initiative Committee, Office of Faculty Affairs. The Tenured Faculty Diversity Initiative (TFDI) is designed to help enhance the culture of racial and ethnic diversity through hires that promote positive changes to the academic climate.
2012-2013	President's Commission on the Status of Women, a faculty senate committee appointed by the President. Subcommittee on Diversity and Inclusion.
2012	College of Liberal Arts Internationalization Task Force.

## **Professional Associations and Societies**

### Professional Administrative Associations 2016-2019

- American Conference of Academic Deans
- Association of American Colleges and Universities (AAC&U)
- Council of Colleges of Arts and Sciences (CCAS- Deans)
- National Organization of Research Development Professionals (NORDP)

### Professional Scholarly Societies

- International Society for Ethnobiology –
  - Vice President 2010; European Representative 2006-2008
  - Member of the Board 2006, 2007, 2008, 2010.
- American Anthropological Association
- Agriculture, Food and Human Values Society
- Society for Economic Botany

### Membership in Learned Honorary Societies

- Senior Ford Fellow, National Academy of Sciences
- Linnean Society of London Fellow

## **International Consultancies**

Oxfam Novib: Consultant on design refinement for the program pillar on nutrition and neglected and underutilized species as a potential to improve dietary diversity and nutrition. The program is to reduce the severity of the food scarcity season and contribute to income generation and women's leadership in selected countries in South and Southeast Asia, East Africa and Central and South America. April 2019

Bill and Melinda Gates Foundation: Consultant on design of grant programs on farmer and community seed systems. Selected countries in South Asia and East and West Africa 2014-2015.

World Bank: Consultant on methodology development for qualitative impact assessment for the project *Participation, Gender & Demand Responsiveness: Making the Links with Impact and Sustainability of Water Supply & Sanitation: Asia, Africa, and Latin America*. UNDP-World Bank Water & Sanitation Program. May 1998 - February 1999 (intermittent).

Netherlands Ministry of Foreign Affairs: UNESCO Network on Women, Science and Technology (Netherlands). Expert consultant on gender and cultural diversity in science education for the Netherlands delegates to the UNESCO World Conference on Science. Writing position paper, distribution of paper to country delegates, assisting the Netherlands delegation in writing amendments to the Draft Science Agenda Framework for Action regarding gender, cultural diversity, and disadvantaged groups in Science and Policy (adopted Section 2.4, paragraph 44) and Science Education (adopted Section 2.6, paragraph 59). Budapest, Hungary. 1999.

## **National Consultancies**

Meyer Memorial Trust: Consultant on the project “*Conservation values, attitudes and river connections of farmers along the Willamette River main stem*”. Project PI, Eric Jones, PhD. Oregon. 2016.

## **Scientific Service Activities**

### **Journal Editorial Boards/ Editor Positions**

Associate Editor, *Journal of Ethnobiology and Ethnomedicine* (BioMed Central). 2008-current.

Deputy Editor, *Journal of Ethnobiology and Ethnomedicine* (BioMed Central). 2005-2008.

Editorial Board member, *Biotechnology and Development Monitor*. Amsterdam 2000 – 2002.

### **Peer Reviewing of Journals**

Agriculture and Human Values American Ethnologist

Biotechnology and Development Monitor

Culture and Agriculture Current Anthropology

Global Food Security

Human Organization

Journal of Agricultural Education and Extension

Journal of Consumer Studies

Journal of Environmental Management

Journal of Ethnobiology and Ethnomedicine

Journal of Ethnopharmacology

NJAS -Netherlands Journal of Agricultural Science

Springer Nature

Sustainability

### **Selected Scientific Research Quality Control**

Selection of national awardees of a Ford Foundation Fellowship – Predoctoral, Dissertation, and Postdoctoral Fellowships awarded in a national competition administered by the National Academies of Sciences, Engineering, and Medicine on behalf of the Ford Foundation. 2018, 2019, 2021.

External Grant Reviewer for Draft Grants for the Program *Farmer and Community Based Seed Systems*. Bill and Melinda Gates Foundation. 2014-2015.

External Grant Reviewer: *Ecosystem Services and Poverty Alleviation Program* (ESPA) of the United Kingdom. ESPA is a 7-year, £40.5 million interdisciplinary research program funded by the United Kingdom's Department for International Development (DFID), the Natural Environment Research Council (NERC) and the Economic and Social Research Council (ESRC), as part of the UK's *Living with Environmental Change* partnership. 2014.

Fulbright Grants: Academic Reviewer for the Field of Anthropology. 2013.

Peer reviewer of research proposals for the *European Research Council* (ERC), European Union, Brussels, Belgium. 2009- 2013.

Commission member, *Beoordelingscommissie* (evaluation commission) for proposals in the open competition for research grants in the area of *Matschappij-en Gedragwetenschappen* [Social and Behavioral Sciences]. *Nederlandse Organisatie voor Wetenschappelijk Onderzoek - NWO* (Netherlands Organization for Scientific Research -National Research Council). 2008.

External reviewer of research proposals for the *Swedish International Development Cooperation Agency* (SIDA), Sweden. 2000.

External reviewer of research proposals for the *International Foundation for Science*, Stockholm, Sweden. 1998.

External reviewer of research proposals for the *National Science Foundation*, U.S.A. 1998.

Chairman-Convener of Working Program 1, *Ceres Research School* (under the National Academy of Science), the Netherlands, May 2002- May 2003. Managing team member November 1999 – March 2009.

Head of gender impact review for all projects of the *International Rice Research Institute* during the formulation of the Institute's Medium-Term Plan for strategic research initiatives for the years 1998-2002. 1997.

## Policy

Expert advisor for Netherlands Ministry of Foreign Affairs meeting on targeting development assistance for HIV-AIDS rural populations in Africa. Discussions surrounding setting the agenda, emphasis on priority target sub-populations and sub-sectors (i.e. child farmers; farmer organizations, plantations that employ the rural poor). March 2006. Netherlands Ministry of Foreign Affairs.

Expert adviser on Gender in the International Agricultural Research Centers (CGIAR). February 1999. Netherlands Ministry of Foreign Affairs.

Advisor on gender and cultural diversity in science education for the Netherlands delegates to the UNESCO World Conference on Science, Budapest Hungary. 1999. Netherlands Ministry of Foreign Affairs.

## Current Research Project

Co-PI. *Consumer Awareness and Education of Bigleaf Maple Sap-based Foods: Sensory and Nutritional Qualities, Culinary Uses, and Product Safety*. Project focuses on research to build consumer awareness and confidence for bigleaf sap-based foods through research and education on sensory and nutritional qualities, increasing culinary awareness and use, and best practices for creating food safe products for markets and consumer confidence. The project includes: 1) multiple large-scale sensory consumer tests of bigleaf maple syrup; 2) promoting bigleaf maple syrup, water, and fermented products through trade show exhibiting, public festivals, culinary professional collaborations; 3) publication of a culinary guide in collaboration with specialty food chefs; 4) testing of a broad sample of bigleaf maple syrups. 2022-2025. Dr. Eric Jones, PI.

PI. *Living Cultures and Human Intentionality in Plant Domestication Processes*

Understanding how contemporary human cultures navigate the border between domesticated and wild plants in the different climatic zones and anthropogenic landscapes lending insights into intentional human management processes of domestication. 2022.-2024

## Recent Scientific Projects

Co- PI. *Sustainable Big Leaf Maple Sap Industry in Oregon through landowner awareness, networking, mapping, education and training*. USDA Funded. Develop a landowner-based peer-to-peer participatory information sharing and training group facilitated through the Pacific Northwest Agroforestry Working Group (PNAWG) based at Oregon State University. The project team will work with PNAWG and OSU Extension to help landowners to inventory, setup, and expand production, train them to record observations on maple sap production, collection, ecosystem sustainability, yields, equipment and labor costs, and profitability. The group will also work on processing techniques, product development, wholesale opportunities, and financial investment challenges. The group will also work with experts on food chemistry to assess samples for nutrients; flavor and unsafe bacteria variations based on tree size, age, and location variables such as soil type and elevation. Dr. Eric Jones, PI. 2021-2022

Key Scientific Consultant- Oxfam Novib consultant on design refinement of the baseline data collection and Farmer Field School approach for the program pillar on nutrition and neglected and underutilized species as a potential to improve dietary diversity and nutrition. The program is to reduce the severity of the food scarcity season and contribute to income generation and women's leadership in selected countries in South and Southeast Asia, East Africa and Central and South America. April 2019

Key Scientific Consultant - Bill and Melinda Gates Foundation consultant on design of grant programs on farmer and community seed systems. Selected countries in South Asia and East and West Africa 2014 and 2015. Provide high-level strategic and research services to the Foundation with specific focus on the development of grant investments for farmer/community-based seed systems. Providing particular expertise on the gender, anthropological, and sociological aspects of traditional farming communities, as well as their nutritional needs. India, Ghana, Ethiopia. Funded by the Bill and Melinda Gates Foundation. Multiple months during 2014-2015.

PI, Project developer and project coordinator: *Semi-Domesticated and Wild Vegetables, Fruit and Mushrooms for Household Well-being among Rice Farmers*. The project examines the overlap between food (nutritional) and medicinal (functional and medicinal) plant use, plant management (protection, propagation, collection rights), and environmental harvesting sustainability. This is an in-depth multi-disciplinary project conducted in one village in Northeast Thailand. Partners are from Dutch, Thai and Italian Universities in nutrition, food science, pharmacology, botany, plant ecology, and rural sociology. Research conducted over a five-year period ending in 2013. Funded by the Neys van-Hoogstraten Foundation of the Netherlands. Graduate students (one PhD and one Master) funded individually by L'ORÉAL-UNESCO Young Women in the Life Sciences Fellowship (Europe-North America Region 2007) and the Neys van-Hoogstraten Foundation.

### **Previous Educational Projects:**

Project developer and co-manager: *African Women Leaders in Agriculture and the Environment (AWLAE)*. Project with Winrock International and Netherlands Ministry of Foreign Affairs for 20 fully funded African women to obtain their Ph.D. at Wageningen University on the impact of HIV/AIDS on women and children (orphans) in African food systems. Field research on this theme undertaken in 11 African Countries in two cohorts. One post-doc funded. Educational component of funded project co-managed by L. Price and A. Niehof at Wageningen University in the Netherlands. Project ended 2010. Project value: USD \$ 3,000,000.

### **Previous Research Projects:**

Project developer and manager: *Methodology Development for Knowledge Intensive Technology, Documenting Knowledge and Changes to the Knowledge Base of Farmers*. This research was the development of a methodology to capture indigenous/local knowledge in a given agricultural domain, measure changes in knowledge from educational interventions and relate the knowledge base to farmers' actual environmental behavior. Research supported by the International Rice Research Institute (IRRI), Food and Agriculture Organization (FAO), Swiss Development Cooperation (SDC), in collaboration with the Social Science Division of the International Rice Research Institute and Wageningen University. 1996- 2000.

Project supervisor: *Assessing Gender Based Entomological Knowledge and Impacts of Knowledge Intensive Participatory Farmer Education of the IPM Farmer Field School (Vietnam)*. Supported by the Cuu Long Rice Research Institute, International Development Research Center of Canada (IDRC) and the International Rice Research Institute. Field testing the methodology developed by L. Price for assessing local knowledge and changes to the knowledge base from Participatory Environmental Education. 1997-1998.

Project developer and manager: *Assessing Knowledge Intensive Insect Pest Management: Knowledge Absorption, Influence on Decision Making, and Transmission of Knowledge to the Wider Community (Philippines)*. Supported by Swiss Development Cooperation (SDC), in collaboration with the Social Science Division of the International Rice Research Institute and the Philippine Rice Research Institute. Specific field research testing the methodology developed by L. Price for assessing local agricultural knowledge, changes to the knowledge base, and behavior from Participatory Environmental Education. 1996-2000.

Project co-manager: *Strengthening Social Science Research Capacity in Vietnam* (administered jointly with P. Pingali, economist, IRRI). Supported by the International Development Research Center (IDRC) of Canada. Strengthening research activities for Vietnamese colleagues, included providing small research grants, teaching proposal writing, back-stopping data collection methods, analysis and write-up; establishment of a professional social scientist association (VSAFE); supporting translation of textbooks; MSc and PhD fellowships; and undertaking senior scientist research on changing patterns of production (P. Pingali) and land holdings (L. Price) in Vietnam. 1994-96.

Project co-developer and co-manager: *Development of Sustainable Production Systems for Different Landscape Positions in the Pulangi/Manupali River Watershed, Bukidnon, Philippines* (jointly with V.P. Singh, agroecologist, and S. Bhuiyan, water resource scientist, S. Kam, GIS, at IRRI). Collaborative coordination of planning and data interface for the project. Supported by U.S. AID SANREM-CRSP. 1994-96.

Project developer and manager: *Ethnopedology and Vested Interest: Soil Erosion Management in the Manupali River Watershed, Philippines*. Field based research project with multiple ethnic groups throughout the watershed as a component to the project "Development of Sustainable Production Systems for Different Landscape Positions in the Manupali River Watershed, Bukidnon, Philippines". Supported by U.S. AID SANREM-CRSP. 1994-96.

Project developer and manager: *Paddy Field Wild Foods and Chemical Pest Control (Thailand and the Philippines)*. Integrated Pest Management component project (IPM). Joint institutional research project with the Food and Agriculture Organization of the United Nations, International Rice Research Institute (IRRI) and Philippine Rice Research Institute. 1995.

Project developer and manager: *Native Hawaiian Hunting, Fishing, and Gathering on SW Molokai, Hawaii: An Impact Assessment of a Proposed Resort*. Examination of current traditional subsistence patterns and access rights to resources. Assessment of potential impacts of a planned resort development on Native Hawaiian diet and use of the environment and food-ways as cultural heritage. Bishop Museum, Applied Research Group, Honolulu, Hawaii. 1990. Funded by Alpha International (Developer) as required by government law. Component to larger over-all environmental and cultural resource impact assessment. 1990-91.

Project developer- Dissertation: *Women's Wild Plant Food Entitlements in Thailand's Agricultural Northeast*. Research supported by Fulbright 1989/90; analysis supported by Ford Foundation, Dissertation Fellowship for Southeast Asian Studies 1990/91; write-up by Ford Foundation Dissertation Fellowship for Minorities. 1992-93.

Project co-developer and co-manager: *Women Farmers' Marketing of Wild Foods in Northeast Thailand: A Province Wide Pilot Study of Kalasin*. Funded by the U. S. National Research Council and The Center for the Study of Women in Society. 1988. (With G. Moreno-Black).

Project developer – Master Thesis: *Wild Plant Foods in the Agricultural Context: An Exploratory Study of Time and Labor Allocations of Peasant Women in Northeast Thailand*. Department of Anthropology, University of Kentucky. Funded by the Graduate School, University of Kentucky. M.A. thesis research. 1986.

## Publication Excellence Honors

Awarded 2019: Oregon State University Provost's Authors and Editors Recognition of Excellence for the publication: **Lisa L. Price** and N. Narchi (Eds.) *Coastal Heritage and Cultural Resilience*. New York: Springer. 2018.

Nomination 2005: UN FAO "Best International Scientific Article" Prize on Rice Crop Management published between 1998 and 2004. Nominated by Dr. M.S. Swaminathan for the publication: **Lisa L. Price** (2001) "Demystifying Farmer's Entomological and Pest Management Knowledge: A Methodology for Assessing the Impacts to Knowledge from IPM-FFS and NES Interventions". *Agriculture and Human Values* vol. 18, 2:153-176

G. Moreno-Black and L. Leimar. "Gathering of Wild Food as a Nutritional and Economic Strategy of Women in Northeast Thailand". American Anthropological Association Annual Meeting, November 1988, Phoenix Arizona, U.S.A. and at the Conference of the Northwest Regional Consortium for Southeast Asian Studies. Eugene, Oregon, September 1988.

L. Leimar and M. G. Price. "Wild Foods and Women Farmers". Association of Women in Development Conference. Washington D.C., April 1987.

### **Selected Expert Forums:**

Expert Speaker: Invited by José Antonio Rosique Caña, Head of the Department of Social Relations at Universidad Autónoma Metropolitana - Unidad Xochimilco. Mexico City. For the lecture "Food as Intangible Cultural Heritage". Mexican Cuisine is designated as World Intangible Cultural Heritage by UNESCO. The lecture focused on what this designation means and the qualities that are embodied in this label. Autónoma Metropolitana - Unidad Xochimilco. March 2015.

Expert Participant: Gender, Farmer Based Seed Systems and Community of Practice. Meeting with a number of experts on the establishment of a new program of research for the Bill and Melinda Gates Foundation. Bill and Melinda Gates Foundation, Seattle Washington. November 2014.

Expert Participant: Oregon State University Broader Impacts Workshop: Towards Creating a Strategic Approach to Broader Impacts in Order to Measurably Improve the Competitiveness of all OSU Initiated Proposals; and Substantially Contributing to Positioning OSU as a National Leader on Broader Impacts. Oregon State University, Corvallis, Oregon. April 2013.

Expert Participant and Referent for Presentations: Seminar- *Endogenous Research and Education: Towards Inter-science Dialogues*. Sponsored by CAPTURED (Capacity and Theory Building for Universities and Research Centers in Endogenous Development), ECDMP (European Centre for Development Policy Management) and NWO-WOTRO (Netherlands Organization for Scientific Research). NWO-WOTRO Science for Global Development, The Hague, the Netherlands. October 2010.

Expert Participant: Seminar - *Knowledge for Development: Towards a New Vision on the Dutch Contribution to Capacity Building for Knowledge in a Globalizing World*. Invited experts meeting on creating a new vision on development cooperation and higher education. Sponsored by the Association of Universities in the Netherlands (VSNU), Platform for International Education (PIE) for strengthening educational and research capacity in developing countries and countries in transition. Utrecht, June 2010.

Steering Committee and Expert Participant: International experts meeting on *Deepening Decision-making for Rural Resource Management*. ISNAR. Sponsored by the International Development Research Center of Canada (IDRC). The Hague, the Netherlands. February 16-18, 1999.

Expert Participant & Keynote Speaker: Engendering the Undergraduate Curriculum at Agricultural Universities in India. M.S. Swaminathan Research Foundation, Chennai India. Sponsored by the Netherlands Ministry of Foreign Affairs and UNIFEM. Chennai, India. December 1999.

Initiator, Organizer, and Expert Participant: Think-Tank on *Knowledge Intensive Technology and Resource Management in Agricultural Systems*. Jointly sponsored by IRRI and Stanford University, February 1997 at Stanford University. Participants included: Senior management of the Consultative Group on International Agricultural Research, representatives from the research funding community (Rockefeller Foundation, International Development Research Center of Canada) and senior biological and social science researchers. Stanford, California. February 1997.

Expert Participant: International Think-Tank on *Farmer Participatory Breeding*. IRRI, Los Baños, Philippines. Participants included senior researchers in plant breeding and anthropology, among others. Los Baños, Philippines. March 1996.

Committee Member: Women's Studies Academic Planning Committee. Selection of courses, and design of curriculum for B.Sc. and post graduate educational programs and academic certifications. Core courses developed in the Dept. of Women's Studies with full curriculum being interdepartmental and interdisciplinary. Univ. of Oregon, U.S.A. 1991/1992; 1992/1993.

### **International Curriculum Development:**

Co-Developer and Instructor: HIV/AIDS and Food and Nutrition Security. Component on gendered impacts of HIV/AIDS on food and nutrition security in Africa. Three week intensive course at Wageningen International, Wageningen, Netherlands. April 2008.

Co-Developer: Course on Problem-Based Technology Generation and Transfer for Rainfed Lowland Scientists. Twenty-one day offering for Master and Ph.D. biological scientists on agroecological, socio-cultural and economic factors and research methods. Conducted in various Asian countries. 1996 through 1997. Sponsored by the Asian Development Bank.

Co-Developer, Organizer, and Instructor of Ethnoscience: Frontiers of Social Science Research Methods for Agricultural Systems Analysis. Nov.20-Dec. 1, 1995. Los Baños, Philippines. For sociologists, economists, and anthropologists holding Master and Ph.D. degrees from South and Southeast Asia. International Rice Research Institute.

Co-Developer and Instructor: Research Proposal Development for Social Science Research. July 10-14, 1995. Instruction in research and proposal development for Vietnamese university social science professors. Sponsored by the International Research Center of Canada and the International Rice Research Institute.

Co-Developer, Organizer, and Expert Participant: Social Science Research in Agriculture and Development. Course participants were mid-level Myanmar government research administrators. Sponsored by the International Rice Research Institute, Government of Myanmar, UNDP. Rangoon, Myanmar. May 1995.

Co-organizer and Instructor: Social Science Analysis in Farming Systems Research, Cuu Long Rice Research Institute, Omon, Cantho, Vietnam. Sponsored by UNDP, International Development Research Center of Canada (IDTC) and the Cuu Long Rice Research Institute (CLRRI), and Vietnam. Omon, Vietnam. October 5-11, 1994.

## Ph.D. University Curriculum Development

Curriculum Planning and Monitoring: Overall project curriculum planning and monitoring for 20 African Women PhD students. Core program course work in alignment with the program theme focus on HIV-AIDS, women and food security in rural settings. Liaison with academic supervisors and academic advisory committee for the project. Overall project interdisciplinary and interdepartmental curriculum planning and monitoring 2002- 2010. Wageningen University, The Netherlands

National Research Schools, PhD level course development, management, and teaching, The Netherlands

- Gender, Food, Agriculture and Development, whole course. *CERES Research School*.
- Socio-cultural Field Research Methods, whole course management, co-development and co-teaching. *CERES and Mansholt Research Schools*.
- PhD introductory course, segment on qualitative research co-development and co-teaching. *Mansholt Research School*.

## Ph.D. Students Advised [Co-promoted] <sup>i</sup> & Degree Awarded

Berit Nelsen, PhD, Applied Anthropology (2021) Oregon State University  
Dissertation title: *Positioning Recreational and medical cannabis cultivation within the American agricultural landscape: an analysis of cannabis cultivator occupational identities and practices in Colorado and Oregon.*  
Academic Adviser & Committee Chair

Traben Pleasant, PhD, Applied Anthropology, (2020) Oregon State University  
Dissertation title: *Tiers of development: technology, education, and Black and Indigenous life in Bocas del Toro, Panama*  
Academic Adviser & Committee Chair

Veronica Marconi, PhD, Applied Anthropology, (2020) Oregon State University  
Dissertation title: *Demystifying the sensationalism of human trafficking: an anthropological study on the systemic exploitation of migrant labor in Tuscany, Italy.*  
Academic Adviser & Committee Chair

Rebecka Daye, PhD, Applied Anthropology (2019) Oregon State University  
Dissertation title: *Competing food sovereignties: food democracy and GMO-free activism in Southern Oregon.*  
Academic Adviser & Committee Chair

Xiaoyue Li, PhD, Applied Anthropology (2017) Oregon State University  
Dissertation title: *Traditional agriculture in transition: continuity and change in Southwest China. traditional agricultural knowledge and practices in Yunnan Southwest China.*  
Member of Academic Advisory Committee

Amanda Green, PhD, Applied Anthropology (2016) Oregon State University  
Dissertation title: *Tastes of sovereignty: an ethnography of Sámi food movements in Arctic Sweden*  
Member of Academic Advisory Committee

Nariyani Tiwari, PhD, (2007), Wageningen University, The Netherlands  
Dissertation title: *Women's agency in relation to population and environment in rural Nepal.*  
Co-promoted with Sociology of Consumers and Households.

Julieta R. Roa, PhD, (2007), Wageningen University, The Netherlands  
Dissertation title: *Food insecurity in fragile lands: Philippine cases through the livelihood lens.*  
Co-promoted with Sociology of Consumers and Households.

Marian Koster, PhD, (2008), Wageningen University, The Netherlands  
Dissertation title: *Fragmented lives: reconstructing rural livelihoods in post-genocide Rwanda*.  
Co-promoted with Sociology of Consumers and Households and Disaster Studies.

Kidist Gebreselassie, PhD, (2009), Wageningen University, The Netherlands  
Dissertation title: *Productivity and agro-biodiversity management in small-holder HIV-AIDS households in Southwestern Ethiopia*. Co-promoted with Environmental Economics.

Huynh Quang Tin, PhD, (2009), Wageningen University, The Netherlands  
Dissertation title: *Impacts for farmer-based training in seed production in Vietnam*.  
Co-promoted with Plant Sciences.

Rose Fagbemisi, PhD, (2010), Wageningen University, The Netherlands  
Dissertation Title: *Solving crop pest problems in the context of HIV/AIDS in Benin: a comparative study of agricultural knowledge and practices of child and adult farmers of the Couffo region, Benin*.  
Co-promoted with Communication and Innovation Studies.

Regina Nchang Ntumingia, PhD, (2010), Wageningen University, The Netherlands  
Dissertation title: *Dangerous Assumptions. The agroecology and ethnobiology of traditional polyculture cassava Systems in rural Cameroon and implications of Green Revolution technologies for sustainability, food security, and rural welfare*.  
Co-promoted with Gender Studies in Agriculture.

Susana Akrofi, PhD, (2012), Wageningen University, The Netherlands  
Dissertation title: *Home garden: a potential strategy for food and nutrition security in HIV households. A case study in rural Ghana*.  
Co-promoted with Plant Sciences.

Gisella Cruz Garcia, PhD, (2012), Wageningen University, The Netherlands  
Dissertation title: *Quantitative analysis of seasonal abundance of usable flora in paddy rice agro-ecosystems in Kalasin, Northeast Thailand*. Note: She is the first ever UNESCO – L'ORÉAL Young Women in Sciences fellow for the Europe-North America Region awarded to The Netherlands (2007) and profiled as an up and coming young scientist in Science magazine in 2009: Romance of Biodiversity.  
Co-promoted with Plant Sciences.

### **Completed Master of Arts Students - Oregon State University**

Emily Esteban, Applied Anthropology (2019) MA  
Thesis title: *Making a new Mexican cuisine: an exploratory study of food security and the cultivation of culinary subjectivities in a first-generation Mexican immigrant community*.  
Academic Advisor and Committee Chair

Mason McGonagall, Applied Anthropology (2015) MA  
Thesis title: *Exploring income, housing Space, and cultural perceptions in relationship to food security in full-time RV households*.  
Academic Advisor and Committee Chair

Kathleen Finneran, Applied Anthropology (2014) MA  
Thesis title: *Farmers' markets and food access: supplemental nutrition assistance program (SNAP) use at the Corvallis and Albany, Oregon farmers' markets*.  
Academic Advisory and Committee Chair

Robert Asinjo, Applied Anthropology (2014) MA  
Thesis title: *Local perceptions of climate change, coping and adaptation strategies among smallholder farmers in the Lake Basin Region of Kenya*.  
Member of Academic Advisory Committee

Michaela Hammer, Applied Anthropology (2014) MA  
Thesis title: *Hybrid healthscapes: mothers' health care and food practices in the Ecuadorian Andes*.  
Member of Academic Advisory Committee

Thomas Conte, Applied Anthropology, MA 2013

Thesis title: *Changing pastoral lifeways in the land where the horse was king: the effects of China's grassland contract policy on Mongolian herders' attitudes towards grassland management and cooperation.*

Member of Academic Advisory Committee.

### **Sample of Interdisciplinary Master Theses Supervised, Wageningen University, Netherlands**

Gisella Cruz Garcia. Title: *Children's knowledge and valuation of wild food plants: An educational programme with tribal and non-tribal children in Wayanad, Western Ghats, India.* Co-supervised with faculty from Gender Studies in Agriculture.

Oliver Saint Girons. Title: *Soil and water management in degrading environments, Leyte, Philippines.*

Co-supervised with faculty from Soil and Water Science.

Tasso Hetterschijt. Title: *Feminist perspectives on gender roles and relations in the establishment and management of agrobiodiversity among poor women engaged in urban agriculture in Lima Peru.*

Co-supervised with faculty from Environmental Science.

Hitomi Tomizawa. Title: *Arsenic poisoning from ground water in rural Bangladesh: the potential for women's participatory environmental education.* Co-supervised with faculty from Environmental Education & Communication Science.

Danielle Ternatus. Title: *Gender and the transition to organic agriculture. An exploratory study on labor, values, and ideologies in the Canadian Maritimes.* Co-supervised with faculty from Rural History.

Marian Koster. Title: *Not without my brother. Support networks, land inheritance rights and social security of women in Haryana, India.*

Co-supervised with faculty from Agrarian Law.

Gender Food and Sexuality in Traditional and Contemporary Societies (M)	

<sup>i</sup> In the Dutch academic system, PhD students will have a full or associate professor as their official advisor (or promotor and co-promotor). Both are responsible for the supervision of the PhD candidate and for the quality of the research performed by the PhD candidate. Quite often the promotor and co-promotor are from different scientific/scholarly disciplines.
