

TRANSFER GUIDE FOR OREGON STATE UNIVERSITY

Major Offered Through:

CORVALLIS

ECAMPUS

**Tillamook Bay
Community College**

Economics

Does it pay to go to college? What determines the interest rates on student loans? What causes bank failures? Does free trade between the U.S. and China benefit Americans? Why is the price of gas so high? Is current U.S. immigration policy good for the economy? If you have ever thought about any of these questions, you have thought about questions economists study and try to answer. Economists use mathematical and statistical models to study how individuals, organizations and societies make choices about how to use limited resources to meet various needs and desires. The goal is to attain higher living standards and improve social welfare.

The Economics Program degree offers four options: general economics; managerial economics; law, economics and policy; and mathematical economics. Economics training provides excellent preparation for graduate work in economics, public policy, law and business. OSU Economics graduates also use their degrees to work professionally in the public (federal, state and local government) and private (banking, consulting, retail, and corporate) sectors. We invite you to explore our web site to learn more about Economics at OSU and career possibilities with this versatile major.

Your Bachelor's Degree (BA/BS) in the College of Liberal Arts

- A minimum of 180 credits are required for graduation; 60 must be upper division (300 and 400-level courses).
- A maximum of 124 credits earned at a community college may be applied toward a bachelor's degree at OSU.
- Only courses with letter prefixes and numbers above 100 can be accepted.
- Some courses can count towards your major and the Baccalaureate Core. Check with your advisor.
- Options available. See "Important Notes".
- See the OSU Catalog for a list of courses required for your major and option: catalog.oregonstate.edu

Courses for this Major (offered at Tillamook Bay Community College)
